Concrete material naturally distresses. Minor cracks and imperfections are to be expected.

Cover your furniture and keep it raised off the ground when not in use and during extreme weather conditions.

Do not leave your stone product sitting in standing water. Prior to exposing to freezing temperatures, make sure pieces are dry and covered.

Winter storage is required for most outdoor items. During inclement weather conditions (from freezing temperatures to extreme moisture), we recommend that the pieces be covered or stored in a covered/protected area.
